“We're on our way
thanks to Affinity”

Prices are for brand new cars, incl VAT, with the option to buy at the end of the period. Prices are based on 5,000 miles a year for a 2 year lease except the Pulsar and Meriva which are 4 years. Servicing and maintenance is customer's responsibility. **Different mileages, initial payments and durations are available, along with full details - ask us for bespoke quotes on these or any other cars: finance provided to suit your credit history. Credit issues need to be disclosed from the outset to ensure appropriate finance suppliers are used.**
